Also You should indicate my authorship "© Ivan Bilous" for commercial use,

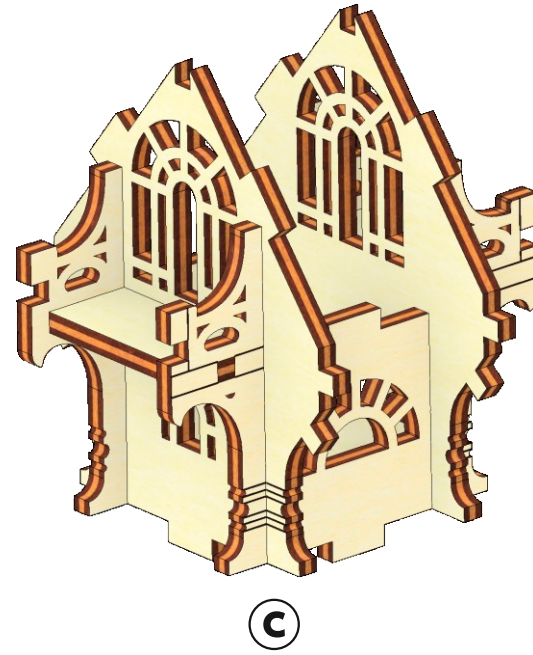

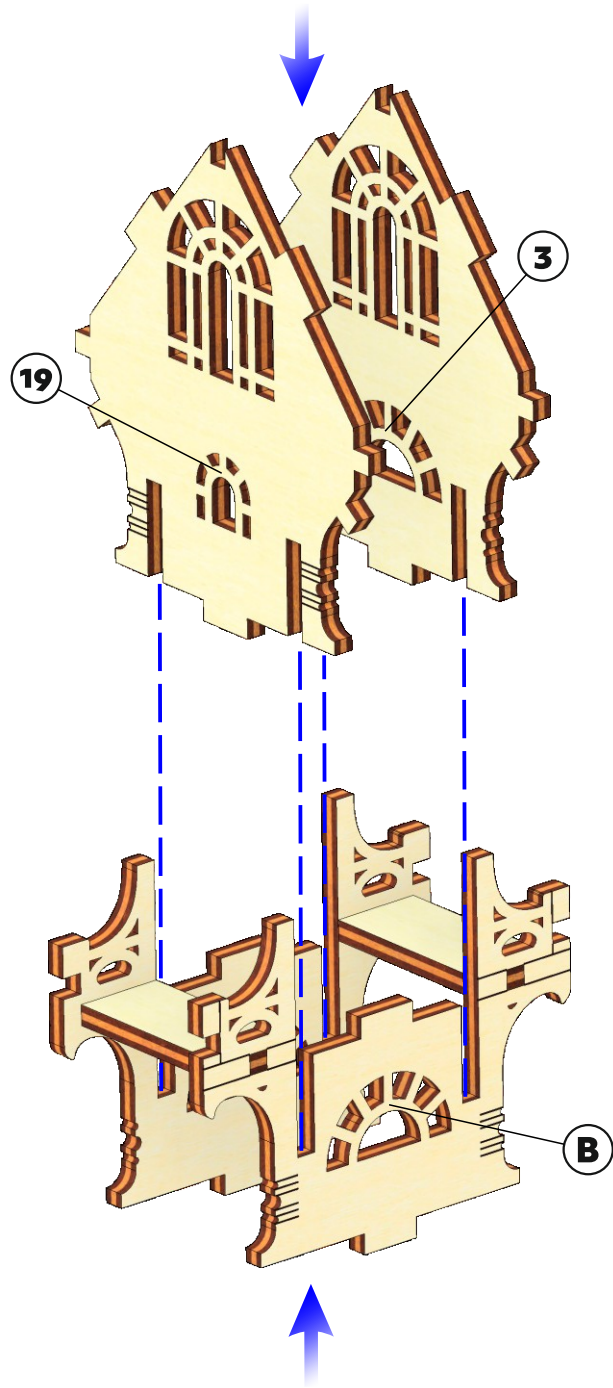

YOU CANNOT share, redistribute or resell the files. **YOU CANNOT** use my pictures.

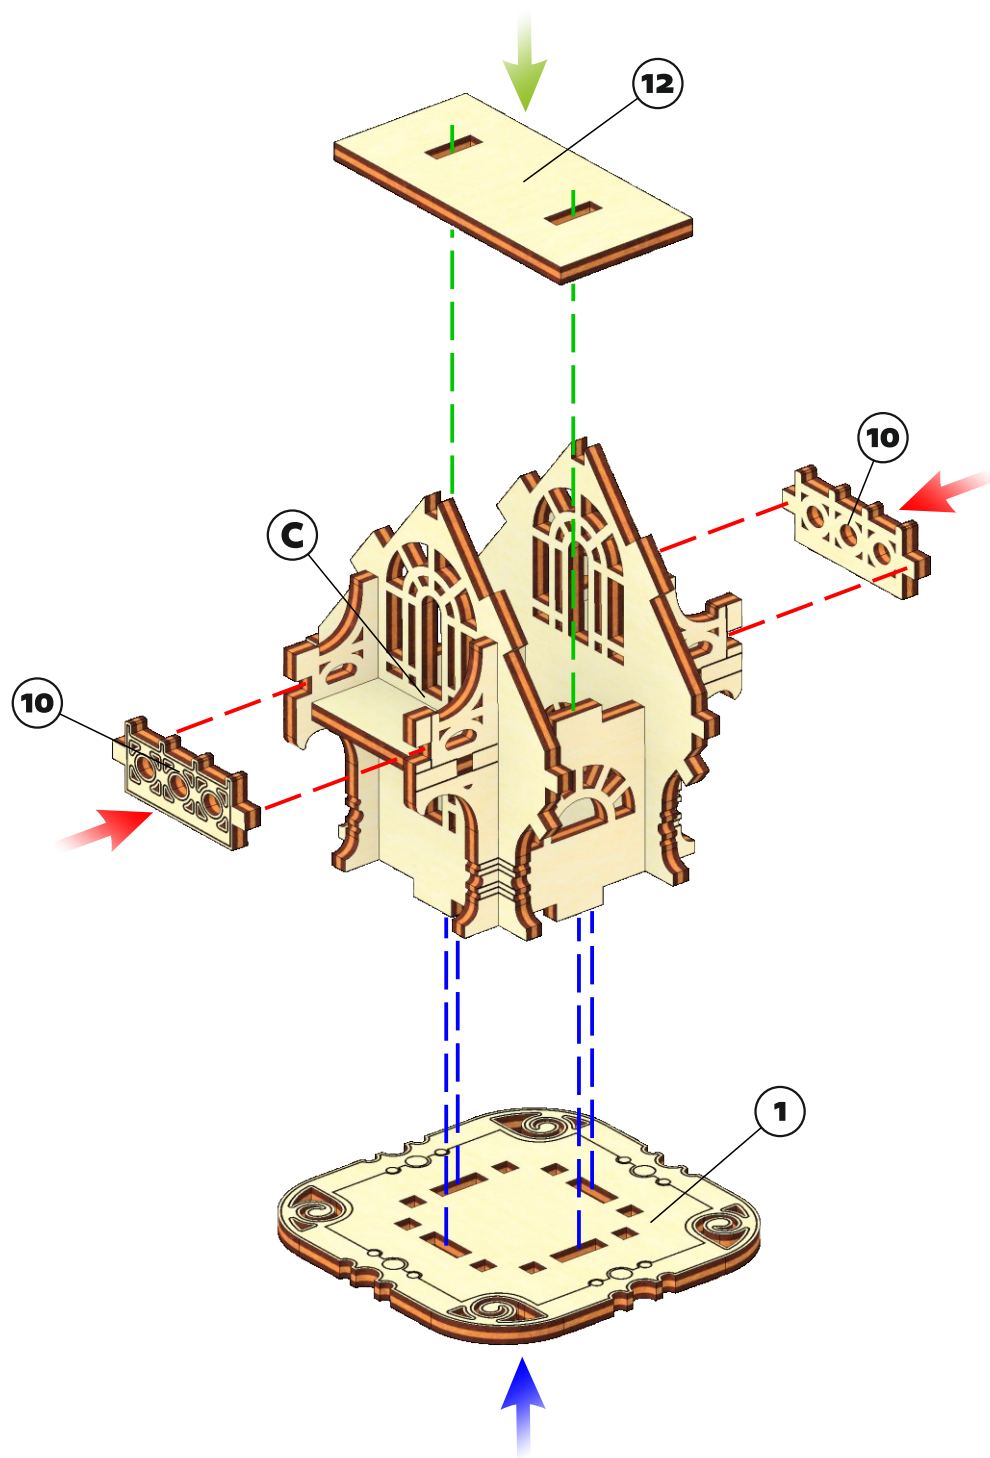

Copyright is not transferable with the sale.

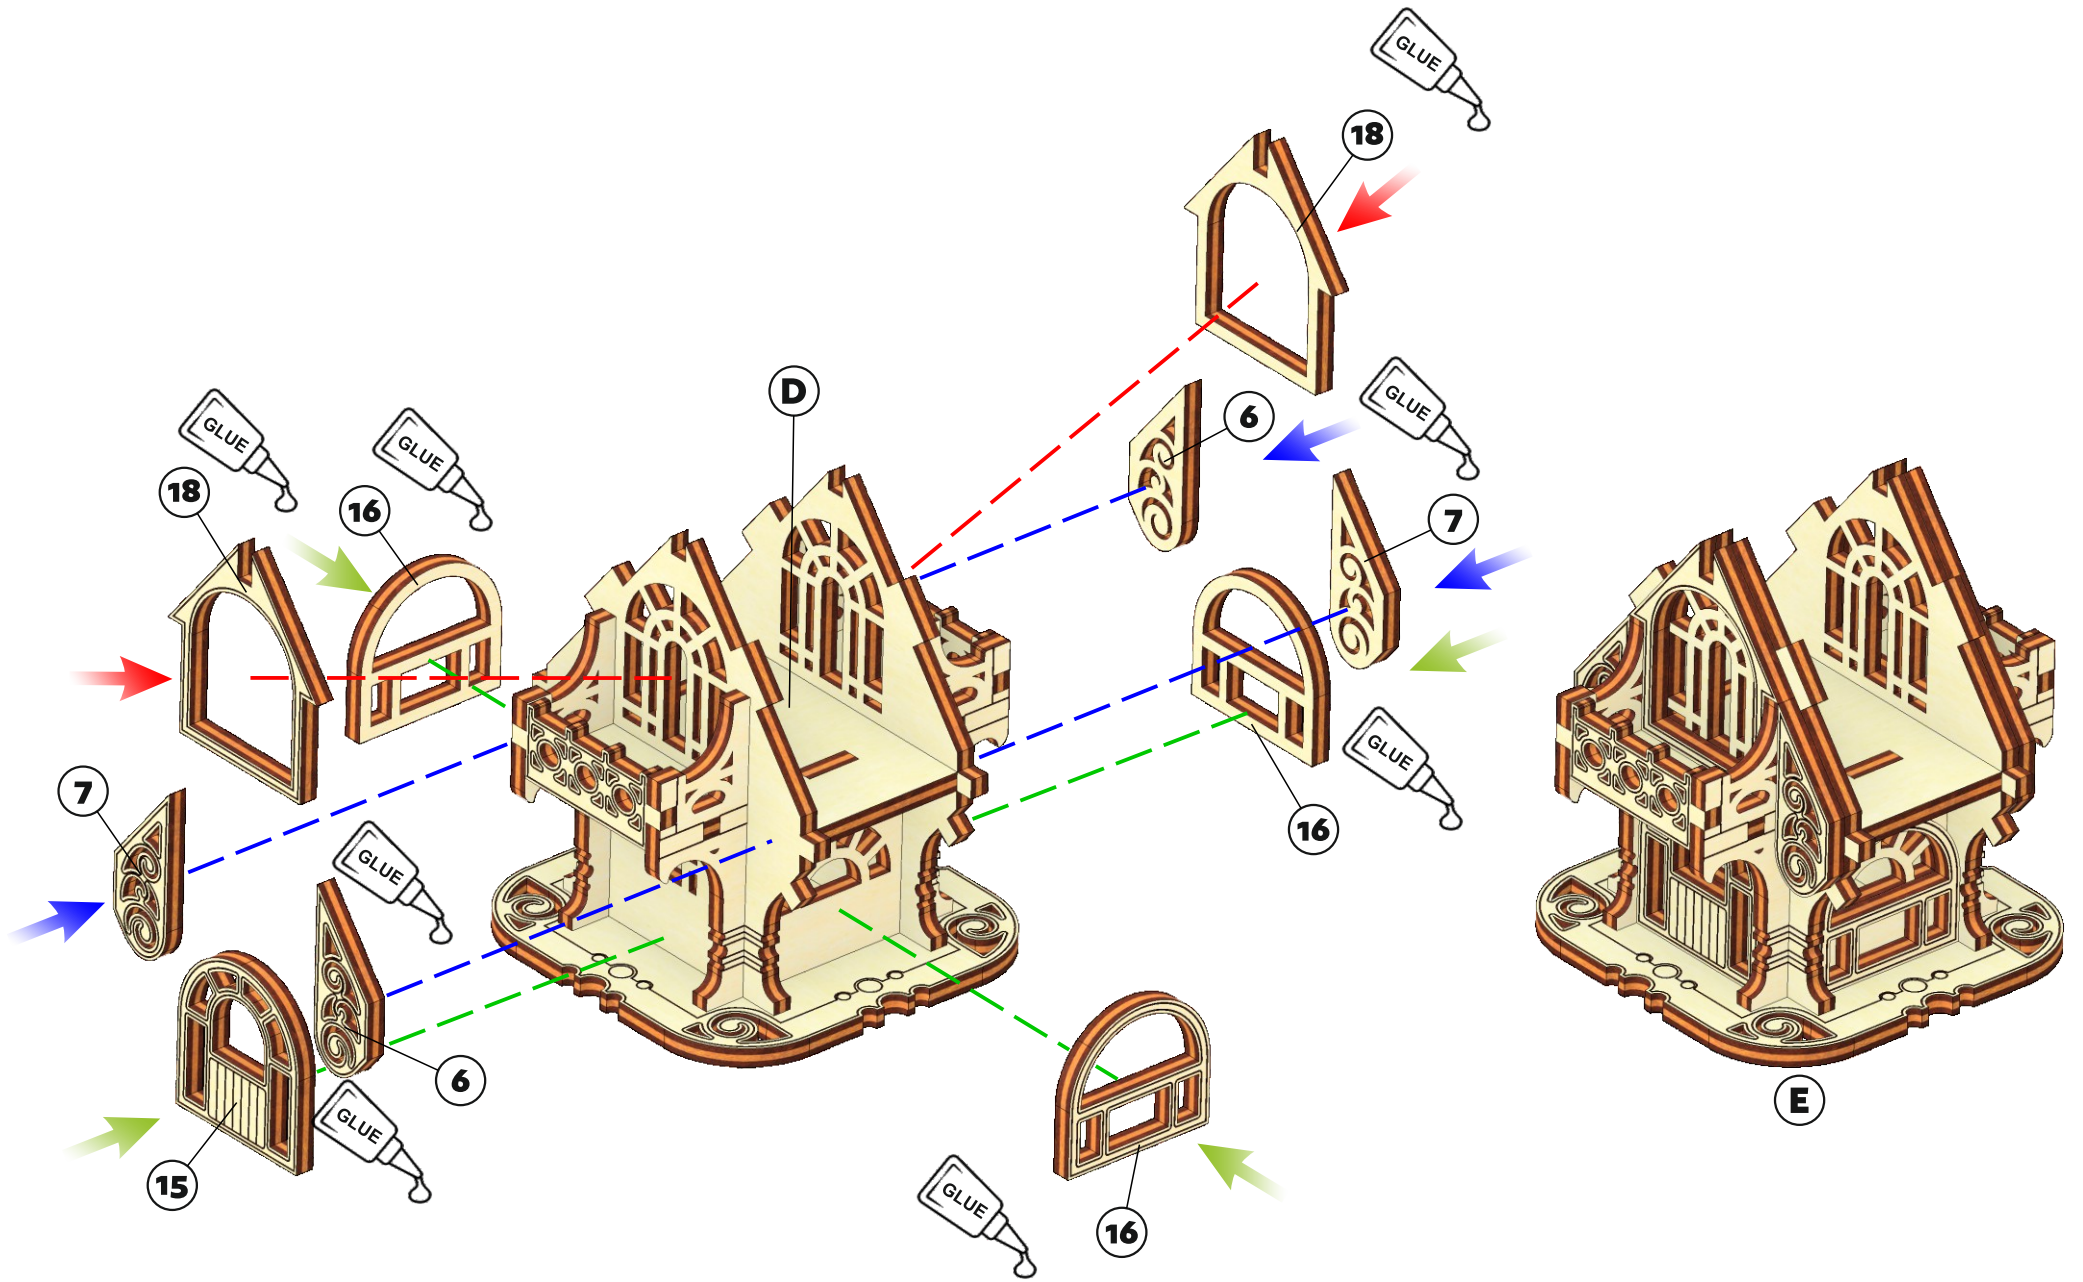

green color - SCORE (cut with low power and high speed)
red color - CUT (inner cut lines)
black color - CUT (outer cut lines)

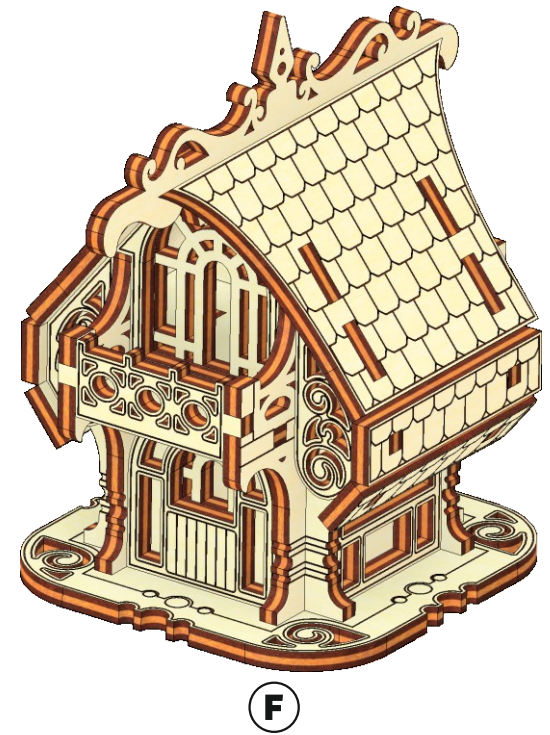

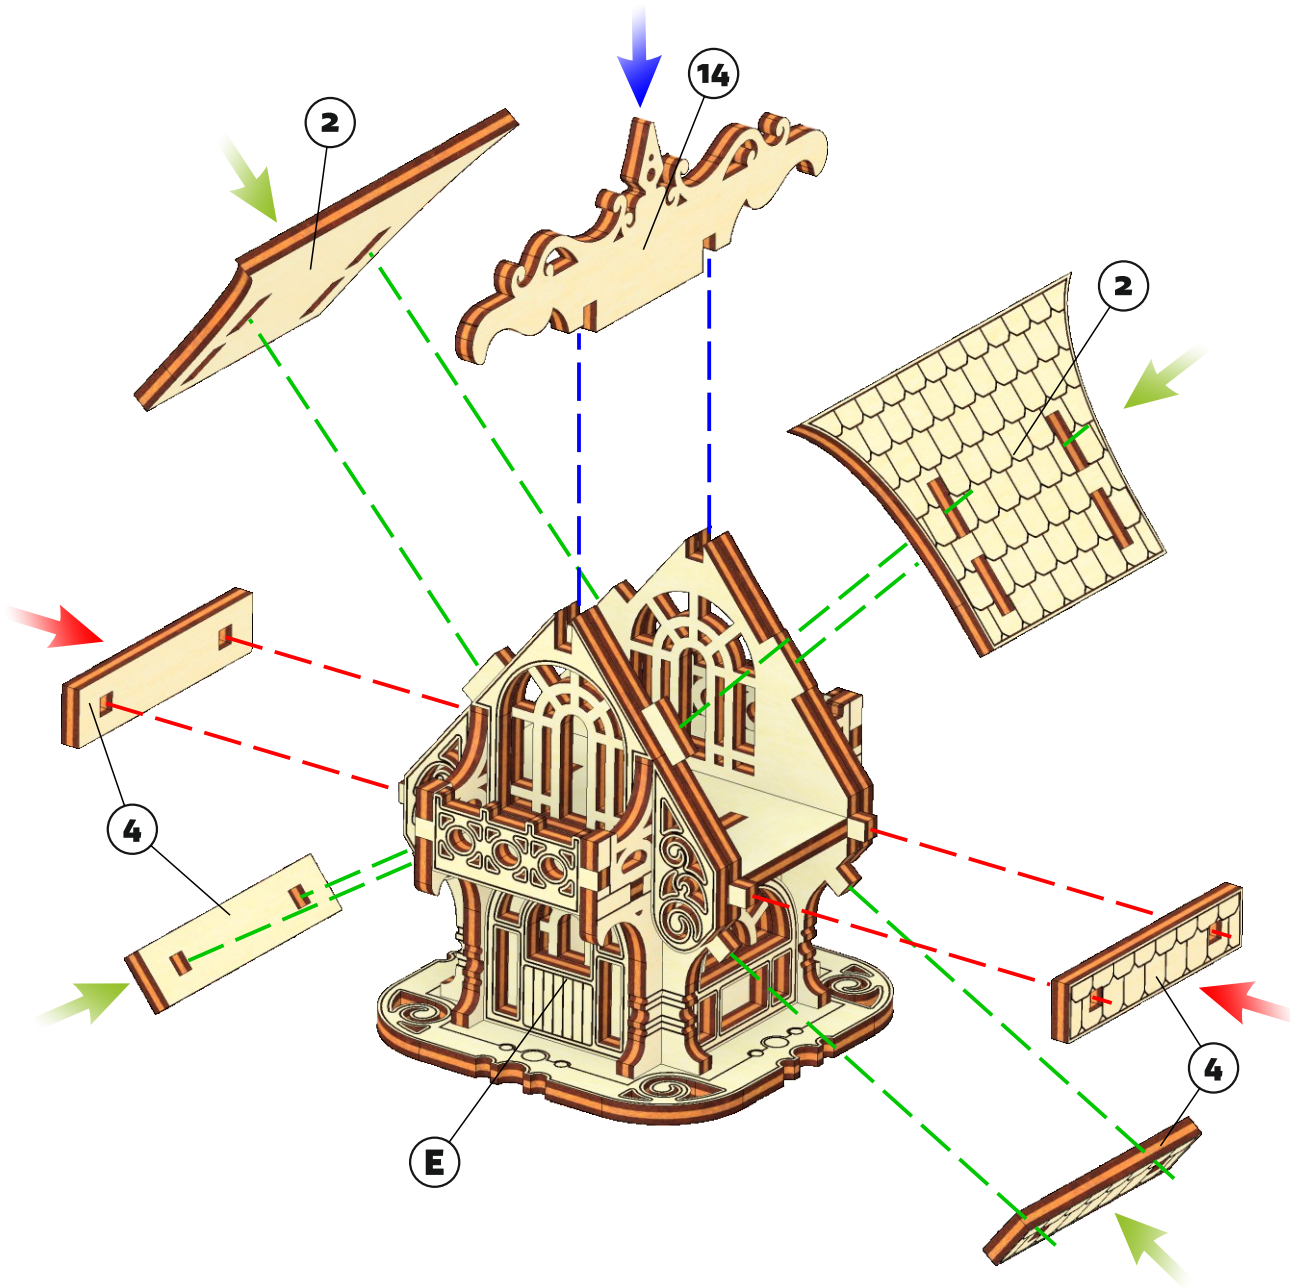

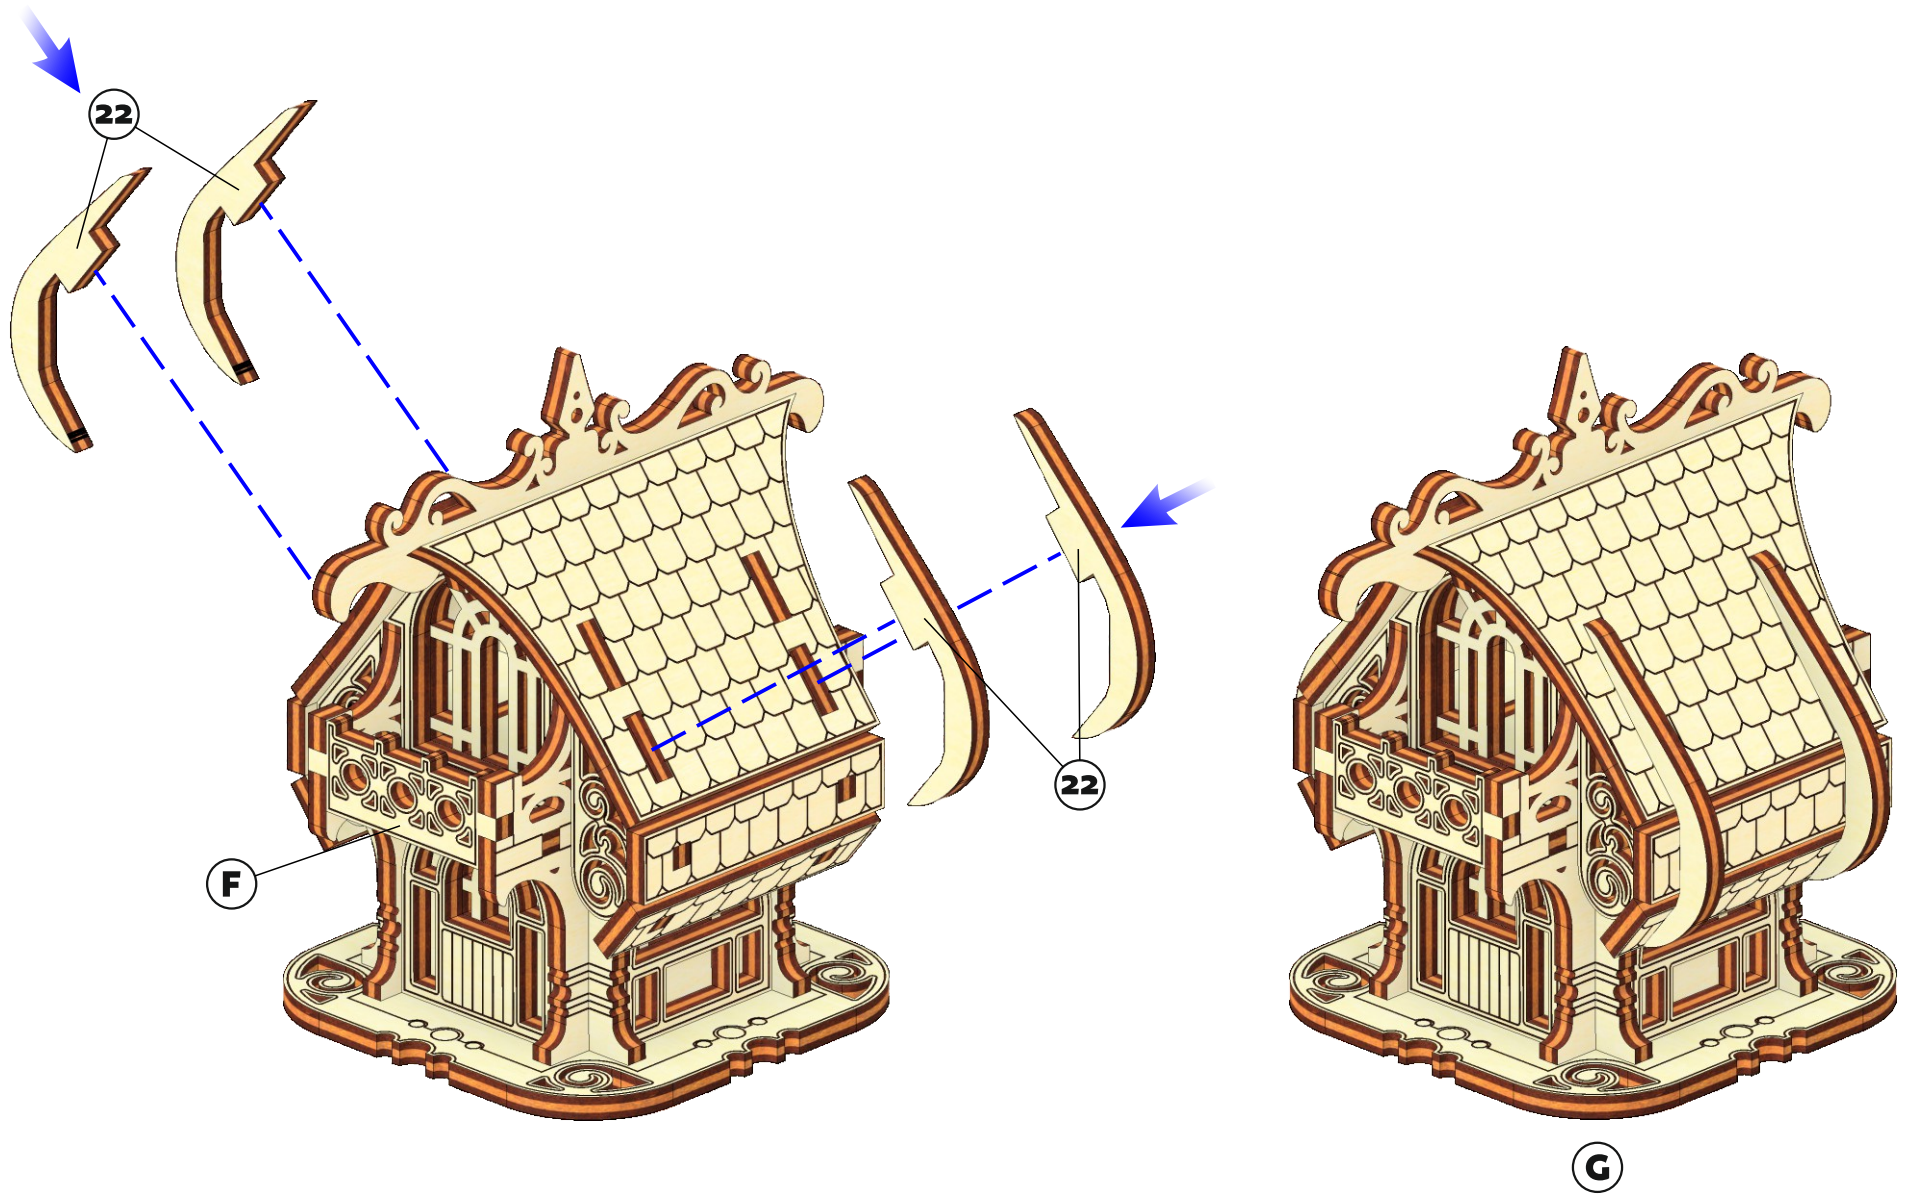

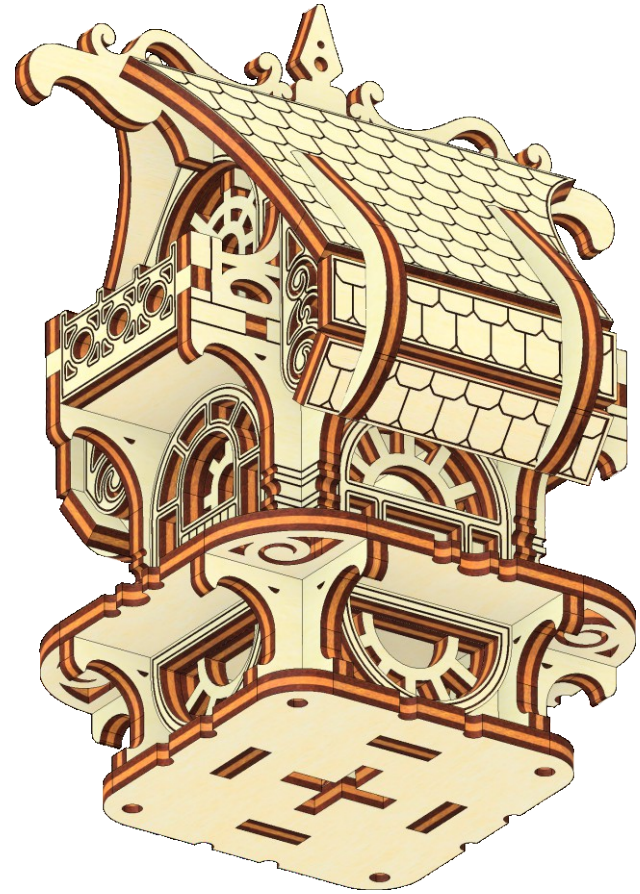

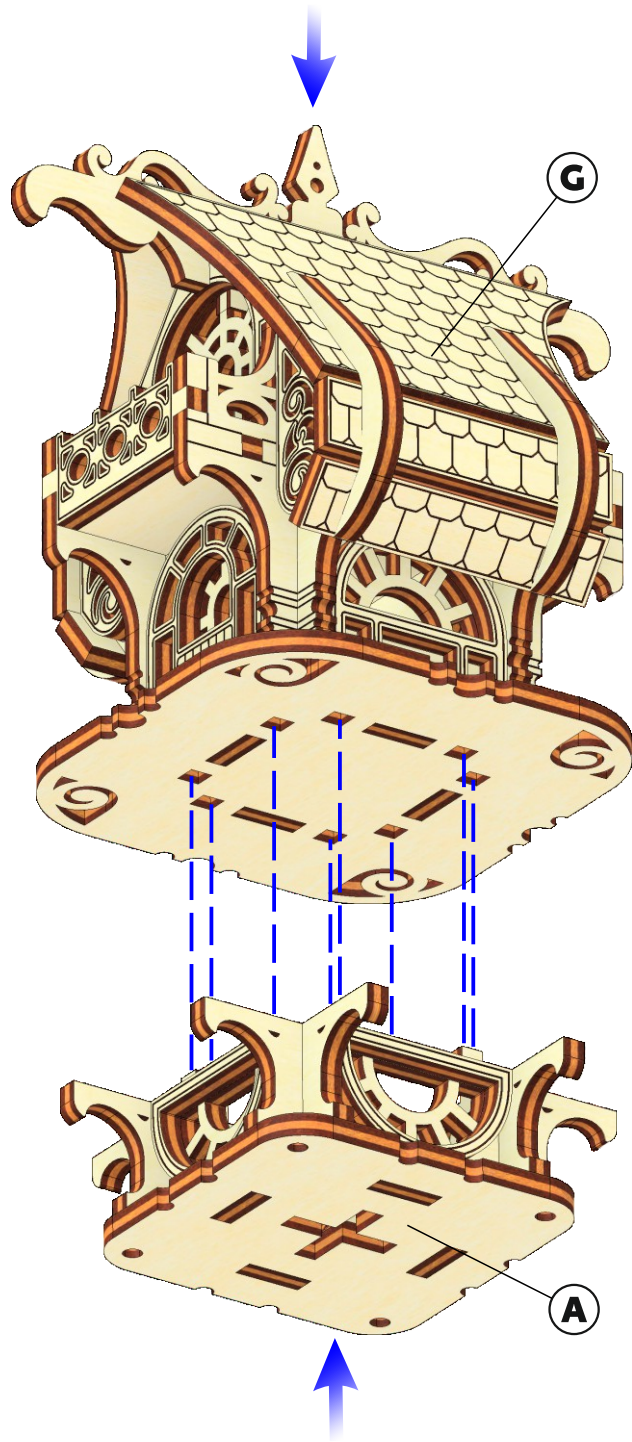

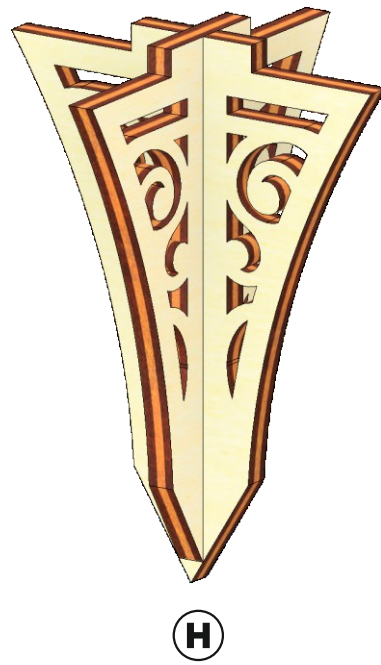

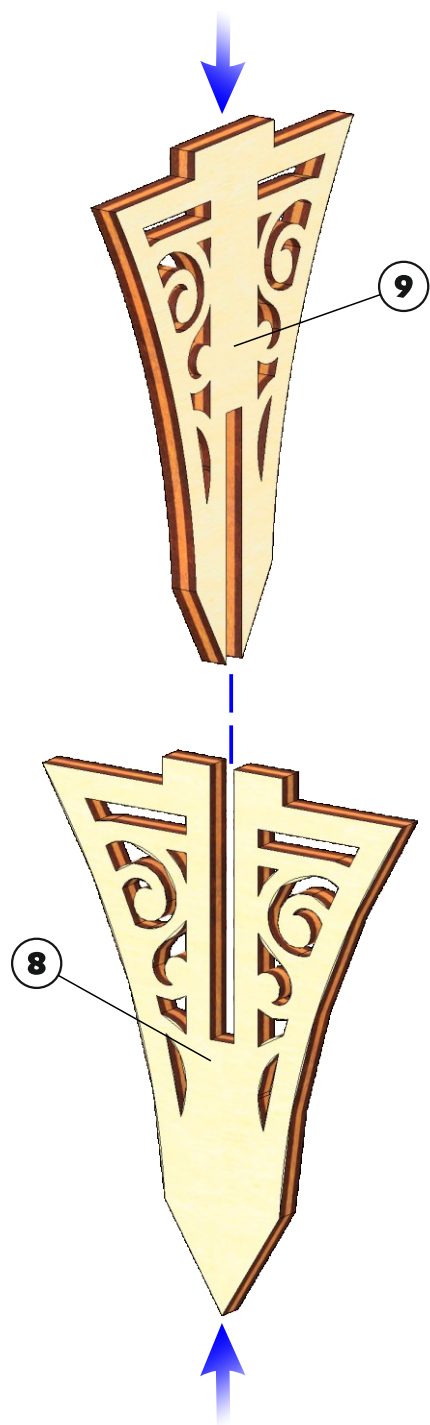

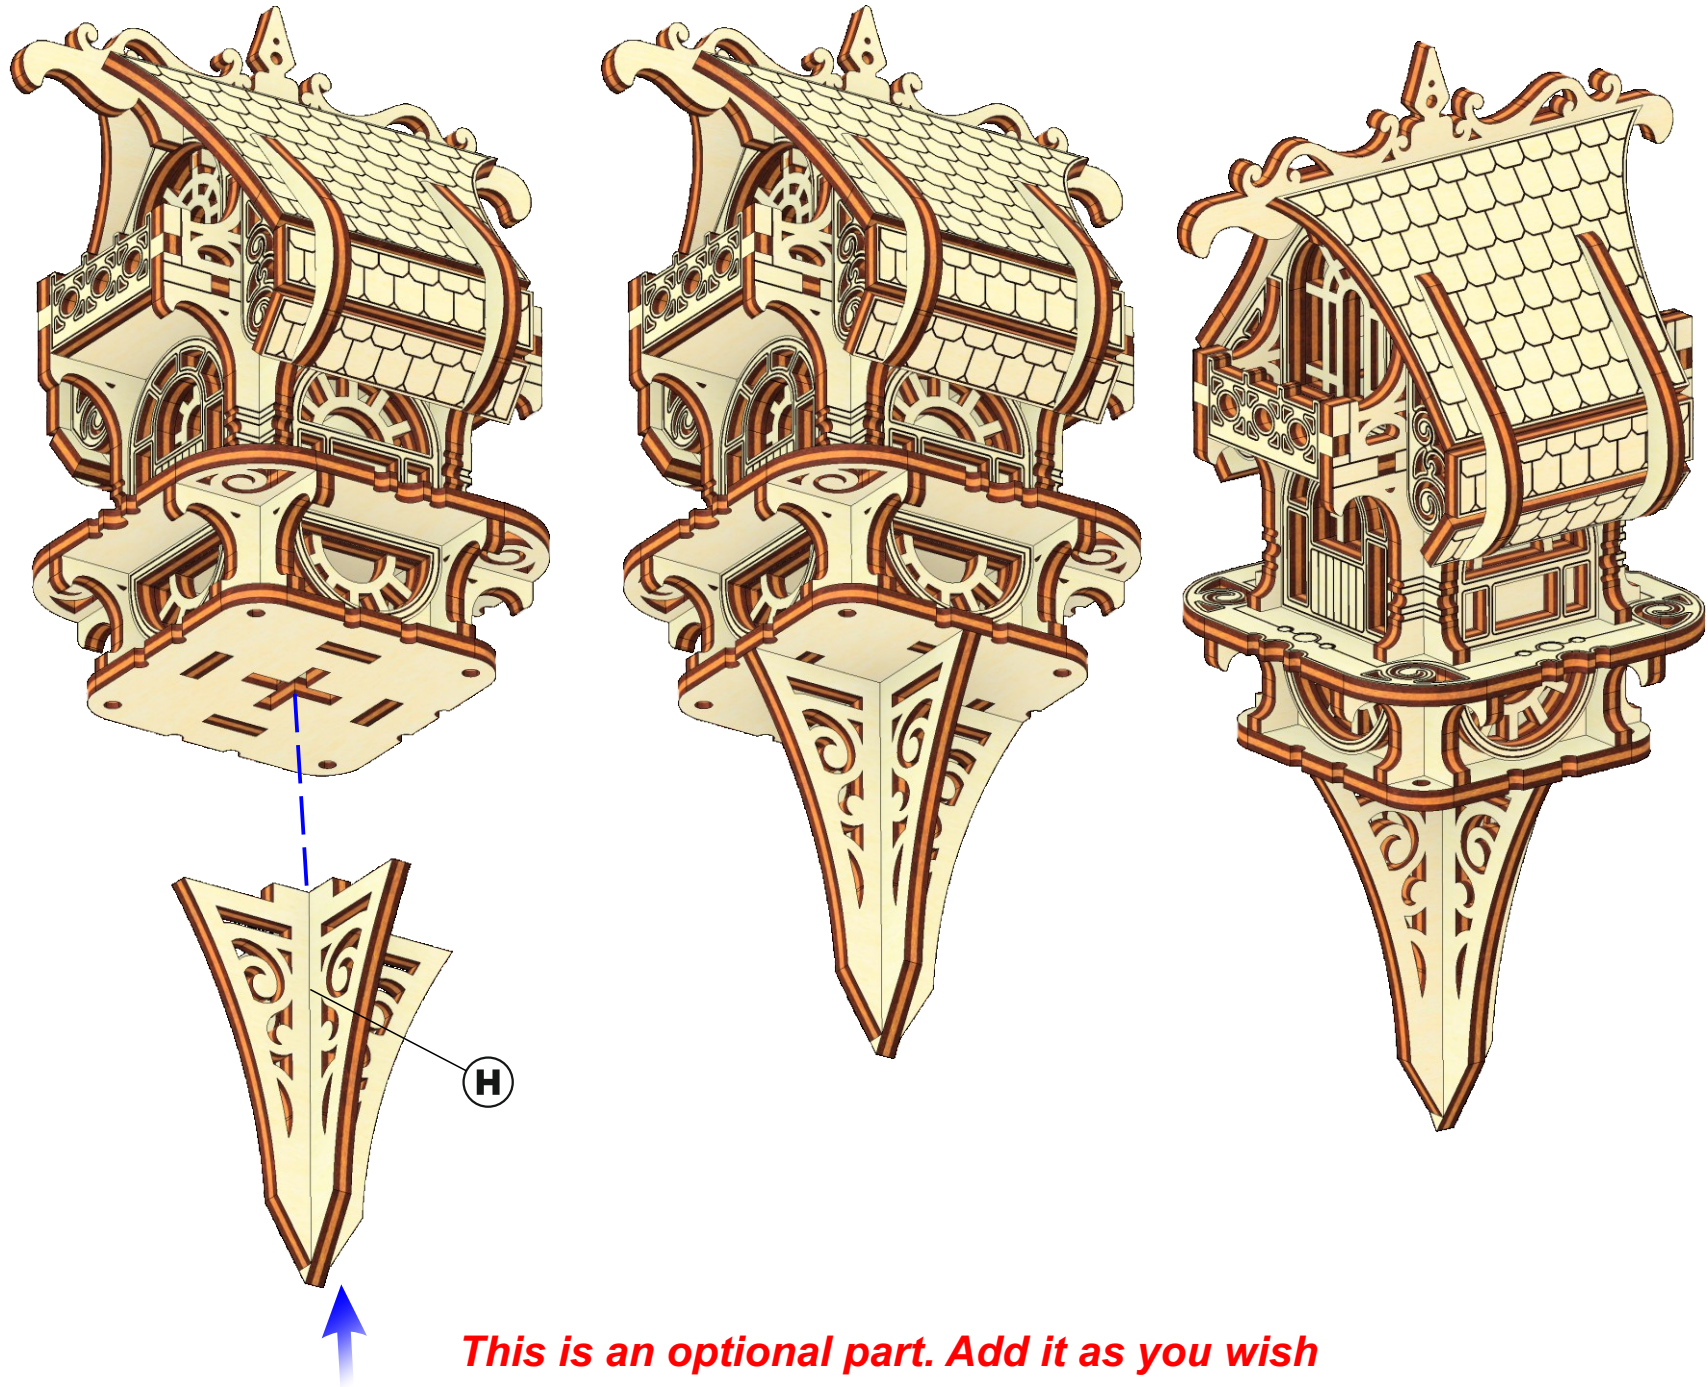

This is an optional part. Add it as you wish

Thank you! I hope you liked the file!

I would like to tell you a bit of info that can be useful for you.

1) First I want you to know that feel free to contact me if you have any questions or problems with my file. My main goal is quality service and a satisfied customer. Adjustments, changes of material thickness or just laser cutting advice. I'll be happy to help you.

My contacts:

ivan.bilous95@gmail.com

2) **WHOLESALE PRICES** work in my store

Use promocodes for discount

3 files - **WHOLESALE3** - 15%

5 files - **WHOLESALE5** - 20%

10 files - **WHOLESALE10** - 30%

VECTOR PAINTER
web-store

3) I also have my own e-store

<https://www.vector-painter.com/>

You will find the same files here as in the Etsy store, but at discounted prices, since I do not have to pay additional fees for the marketplace. For residents from Europe, the price will be on average 20% less. Wholesale promocodes also work here.

PATREON

4) For those who often make purchases of laser files, it will be beneficial to subscribe to my Patreon page.

<https://www.patreon.com/vectorpainter>

Patreon is a site for independent artists like me. I get a small subscription fee from my subscribers, and in return I give them access to my content, in my case some laser files. It turns out something like one designer who works for many people. I hope that it will be beneficial for everybody. This is all from \$ 2, \$ 5 or \$ 10 monthly by choice.

5) You can also follow me in social networks
